

MBI-MUSIC CHARTER

CHARTER FOR ALABATI ACTIVE MEMBERS
AS WELL AS MONINGA HONORARY MEMBERS OR
ILUNGU BENEFACTOR MEMBERS OF
THE MBI-MUSIC ASSOCIATION

The goal of Mbi-Music is to gather as much positive energy as possible to guide underprivileged children and teenagers as they discover and realise their dreams. The mission is to impart their knowledge in regard to respect, exchange, care and joy of life. The moments spent at Mbi-Music must be like a bubble of happiness which allows you to escape from the worries of every day. All members of Mbi-Music are equally important, of course there are hierarchical responsibilities, but everyone has a say.

CHARTER OF VALUES

These values define the behaviours which enable us to work together and to carry out this project. I am not perfect but when I am part of this association, I commit myself to embody its values as best as I can.

JOY OF LIFE

By choosing to be here, I chose to share and to seize this opportunity to have and to give joy. Meeting and sharing with other people is a rich learning experience.

OPEN-MINDEDNESS

I keep in mind that, here, I cross different paths, different people and different ways of doing things. I appreciate the tolerance and the respect regardless of my religion, my political and apolitical views, my gender, my skin colour and my ability. We are here to learn from one another and enrich ourselves.

RESPECT – KINDNESS – CONFLICT

I commit myself to listen and communicate my needs, fears and desires... and to show kindness towards myself and others. I continue to share with others and see a disagreement as an opportunity to learn and to move forward.

TRANSPARENCY – HONESTY

I act with transparency and honesty to enable everyone to move the right way forward. I take into account my possibilities; I communicate them and I position myself in a way that progresses the projects carried out by Mbi-Music.

FRIENDLINESS – COLLECTIVITY

I integrate a project and a group of people; I contribute to the wellbeing of this group and make sure to communicate my joy but also my challenges to progress together in friendliness and dialogue.

POTENTIAL – AUTHENTICITY

When being myself, I am unique, and I can act complementarily and rightfully. In this manner, I can help others to become aware of their potential with my words, my attitude, and my support.

BODY – MENTALITY

I respect others like I respect myself, in their entirety while being aware of their age, their history and their needs. I adjust my attitude and ensure I respect others, both in terms of their appearance and their psychological wellbeing.

CONFIDENTIALITY

I am respectful to the place and to those present, what is said and lived here belongs to this very moment.

COMMITMENT

I commit myself to do my best, to embody these values when I am part of this association. I commit myself to communicate each event or challenge which may occur and could prevent me from living these values. If I do not adhere to these values, I will withdraw myself from the project.
